String Light - Sphere head - 22mt cable

Designed by Michael Anastassiades, 2014

21W - 1515lm - 2700K

Suspension lamp emitting diffused light. Varnished die-cast aluminium body coated with clear soft-touch varnish and an optical diffuser in opal polycarbonate. The suspension system (12 or 22mt long) includes a Kevlar-reinforced coaxial cable. Available with wall/ceiling connection or floor switch in black polycarbonate. The on/off switch features an electronic, optical and touch-dim mechanism or a Casambi Ready version with touch dimmer included. Must be paired with either the floor switch or ceiling/wall rose (sold separately).

Designed by Michael Anastassiades in 2014, String Light transforms the cable into a defining design element, allowing users to shape the lamp's path around their own environment. It draws quiet, architectural lines through space, inspired by overhead power lines and the festive lights strung across Mediterranean squares. Poetic yet precise, it reflects Anastassiades' pursuit of purity through reduction, offering flexible, atmospheric light for modern living.
