

ABOUT A CHAIR / AAC 21 SOFT

DESIGN BY HEE WELLING & HAY

The AAC 21 Soft chair modifies the more formal expression of the aluminium swivel base with the softness and warmth of the quilted shell. Retaining the same curved shell with unified silhouette that characterises the entire series, this design features a functional base with legs that fan out from the centre. The base is available in polished or powder-coated aluminium, and the shell is offered in a variety of upholstery options, providing a multitude of design combinations that give this chair great versatility in a wide range of corporate, public, and private contexts.
