

ABOUT A LOUNGE / AAL 87 SOFT

DESIGN BY HEE WELLING & HAY

The AAL 87 Soft fuses the sleek, elegant aesthetics of the four-legged steel frame with the softness and warmth of the quilted shell. Retaining the same compact body, shaped armrests, and simple, sculpted design that characterise the rest of the lounge series, this design features a functional base with slim, angled legs that slant slightly outwards for optimal stability. The base is available in chrome and powder-coated steel and the quilted shell is offered in a variety of upholstery options, providing a multitude of design combinations that give this series versatility in a wide range of corporate, public, and private contexts.
