

NEU 12 BAR STOOL

PRODUCT FACT SHEET

HAY

NEU 12 BAR STOOL

DESIGN BY HAY, 2020

Whilst retaining the same distinctive profile as the rest of the collection, the Neu 12 Bar Stool has long slender legs in solid wood that enhance and elongate its uncluttered silhouette. It features an ergonomically moulded shell with a high, supportive back, and is reinforced with an aluminium construction under the seat to provide extra strength and durability. The finelygrained plastic adds textural interest, while the rim detail gives the design structure. In the upholstered version, a delicate stitching line runs across the seat, while a piping detail accentuates the chair's raised rim. Its comfort and versatility make it the ideal choice for use as a bar stool or counter stool in both private and public environments.

HIGHLIGHTS

- Part of the Neu Chair collection.
- Ergonomically moulded seat for greater comfort.
- Robust and comfortable bar stool.
- The bar stool is reinforced with an aluminium construction under the seat to provide extra strength and durability.
- Variety of shell colours and base finishes.
- FSC™ certified.
- Available with polypropylene shell or full upholstery in a large selection of fabrics and leathers.
- Available in a low and a high version.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
