SILHOUETTE

GamFratesi's Silhouette Sofa series is characterised by the smooth curve of the sofa's back, which seamlessly combines a strong character with a simple, organic expression. With an angular front view and defining piping details, the sofa appears compact and economical with space, yet is light and spacious and offers generous seating.

The family comprises sofas in different sizes and heights, with legs available in steel or solid wood and a number of selected textiles to choose from. The different configurations and strong structural language make the sofa a natural choice for defining space and creating intimacy in large and small areas in private and public contexts.

Raas 662, Piping matching the fabric, oiled solid oak legs

SILHOUETTE HIGH-BACKED

Our high-backed version of the classic Silhouette Sofa offers the benefits of a traditional high-backed sofa – an enclosed sense of intimacy and atmosphere.

Unlike many versions, which have a height of 130-150 centimetres and seem to dominate the room, HAY's high-backed version is only 108 centimetres high, so it creates a lighter expression while allowing sitters a broader outlook. Slim legs lift it elegantly from the floor, enabling the establishment of structured and private areas in open environments, while remaining airy in appearance.

HAY's high-backed Silhouette features a gracefully curved back that achieves a sculptural effect when viewed from any angle.

GamFratesi's Silhouette Duo Sofa series is characterised by the smooth curve of the sofa's back, which seamlessly combines a strong character with a simple, organic expression. With an angular front view and defining piping details, the sofa appears compact and economical with space, yet light and spacious and offers generous seating.

GAMFRATESI

GamFratesi is a Copenhagen-based design agency comprising architect Stine Gam (born in Denmark in 1975) and industrial designer Enrico Fratesi (born in Italy in 1978), who met while studying architecture in Italy and founded their design agency GamFratesi Studio in Copenhagen in 2006. Using their dual cultural backgrounds, they fuse classic Danish craft traditions with a timeless Italian intellectual and conceptual approach.

Their designs are characterised by an honest, natural expression, and the desire to communicate a story through the use of tradition, innovation and functionality. GamFratesi have received international recognition and they have exhibited work all over the world. For Hay, they have designed the Silhouette Sofa, Tuluo Table and Dorso.
