

VL38 Wall

The fixture emits downward directed light. The angle of the shade can be adjusted to optimize light distribution. The shade is painted white on the inside to ensure a soft comfortable light.

Product info

Information

Please note that the brass surfaces are untreated. This means that the surface will change over time and develop a patina. Function to set a fixed light level each time the lamp is connected to main power. LED driver integrated in wall box. Two light levels 50% or 100%. Timer function to automatically turn off the light after amount of time, selectable between off/4 hours/8 hours. Adjustable (up and down) and rotating (to the side) lamp shade. For LED replacement kit please contact Louis Poulsen. The innovation of the LED technology is constant. The specifications mentioned are based on present technology.
