

Guéridon Bas

Jean Prouvé, 1944

Guéridon Bas

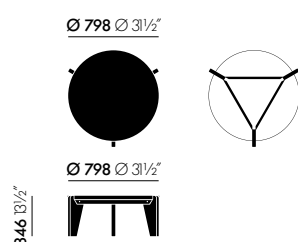

In the early 1940s, Jean Prouvé began to work more extensively with wood. The Guéridon Bas table has a heavy top in solid oak or American walnut resting on three legs in the same wood. These elements are joined together by a robust construction made out of bent sheet metal. Guéridon Bas is also available in

dark smoked oak, harking back to an original version crafted in tropical wood and known as the 'Table Africaine'.

Materials

- **Table top:** solid wood with oiled finish; natural oak, smoked oak or American walnut.
- **Base:** legs matched to table top, solid wood with oiled finish in natural oak, smoked oak or American walnut; connecting element: bent sheet metal, powder-coated in deep black (smooth finish).
- **Origin of wood:** oak (*Quercus robur*) from Western Europe and/or Poland; American walnut (*Juglans nigra*) from the USA.
