ARMCHAIRS

2016

Antonio Citterio

## Description

---

The Gio armchair is dedicated to living in the open air, included in a collection with a contemporary classic accent designed by Antonio Citterio, which developed from solid teak structures with a special antique grey finish, which gives the wood a particular lived-in aspect and silver-grey reflective quality. To ensure a better insulation from the weather, all the padded elements have a polyester cover with waterproof treatment, and the fabrics are certified for resistance to weathering, UV rays, chlorine and sea spray.

## Technical information

---

**Frame**

solid wood

**Webbing**

polypropylene

**Upholstery**

high density polyester fibre

**Ferrules**

thermoplastic material

**Waterproof cover cloth**

PES fabric coated on one side in PU

**Cover**

fabric in limited categories
