

## Tufty-Bed

BEDS

2007

Patricia Urquiola

## Description

The upholstered Tufty-Bed, available in different sizes, ensures comfort and solidity. The leather or fabric cover is divided into squares, the distinctive feature of the Tufty-Time series of seats. A decidedly contemporary proposal, it reveals a bond with tradition in the reference to Chesterfield and capitonné style sofas. Featuring a base that goes down to the floor, it allows the internal space to be used as a convenient compartment.

## **Technical information**

Internal frame tubular steel and steel profiles Internal frame upholstery Bayfit® flexible cold shaped polyurethane foam, polyester fibre cover Slatted base for storage unit plastic material tools, tubular steel and wood multi-layered slats Raising mechanism for storage unit slatted base operated by a manually controlled gas-lift Internal shelf for storage unit MDF wood fibre panel **Corner plate** steel Fixed slatted base support and ferrules thermoplastic material Feet solid wood Cover
