

CH445 | WING CHAIR

HANS J. WEGNER

CARL HANSEN & SØN

DESCRIPTION

Hans J. Wegner's CH445 Wing Chair, is a fully upholstered high-backed easy chair that rests on a stainless steel frame. The seat and backrest provide comfortable support for the back, shoulders, neck, and head in different sitting positions. The solid beech frame gives the chair strength and durability. A matching CH446 footstool, CH446, is also available.

PRODUCTION PROCESS

The frame is bent and welded together. Then it is polished and assembled by hand. The chair consists of molded foam and is then upholstered by hand.

DESIGNER

Danish architect Hans J. Wegner (1914-2007) is considered a pioneering furniture designer of the twentieth century. Often referred to as the master of the chair, Wegner created almost 500 in his lifetime – many of them considered masterpieces. Wegner was part of the spectacular generation that created what is today referred to as 'the Golden Age' of modern Danish design.
