

# AJ TROLLEY A COMPANION TABLE

An Arne Jacobsen original designed with modern elegance and multipurpose function

Danish designer Arne Jacobsen designed this elegant trolley for his tea, but its possibilities are endless. As a bar cart, serving trolley or side table, the mobile design is versatile with a sophisticated, architectural edge. Best of all, it will remain 'modern' – and always useful – for decades to come.

## DESIGNER

Arne Jacobsen (b.1902-1971) was a visionary of Danish design and began collaborating with Fritz Hansen in 1934. He designed the Egg™, Swan™, Series7™ and Dot™, among other iconic works.

## DESIGN

Arne Jacobsen, 1955

## MATERIALS

The AJ Side Trolley is made of stainless steel hairline and the table tops are made of MDF with black coloured ash.
