CADENCE
PRODUCT FACT SHEET

CADENCE

Cadence outdoor series by contemporary Parisian designer Aurélien Barbry, is characterised by simplicity and functional beauty. An architectural repetition lends the Cadence series a clean and modern elegance. The Cadence bench's horizontal plank placed at the top of the headrest is the signature look of the series and where it takes its name from.

SPECIFICATIONS

Wood: New wooden, teak furniture has natural colour differences found in the freshly cut wood. Once the furniture has been exposed to the sun, these colour differences will even out. As a natural part of the aging process, the surface of teak will change when first being exposed to rain; this is the first stage of a process of wood that ages with beauty.
