

PK91™

The PK91™ folding stool designed by Poul Kjærholm epitomizes his ongoing adaption of historical furniture categories into his oeuvre of work. The source of inspiration for the PK91 is an ancient Egyptian folding stool that dates back to approx. 1500 BC. The designer's method of refining historical furniture types has again been put into play and the result is unmistakably a Kjærholm classic, with the stool's minimalist and elegant appearance. The PK91 is part of the permanent collection at the Röhsska Museum in Gothenborg, Sweden.

POUL KJÆRHOLM 1929-1980

Poul Kjærholm was a trained cabinet maker and continued his studies at the Danish School of Arts and Crafts in Copenhagen. He had a particular interest in different construction materials, especially steel, which he considered a natural material with the same artistic fineness as other natural materials.

Poul Kjærholm was first employed at Fritz Hansen for about a year, where he designed a number of noteworthy chair prototypes. In 1955, Poul Kjærholm initiated his collaboration with manufacturer Ejvind Kold Christensen, which lasted until Kjærholm's death in 1980. In 1982, Fritz Hansen took over the manufacture and sales of "The Kjærholm Collection", which was developed over the period 1951 to 1967.

UPHOLSTERY
