FRITZ HANSEN

RECTANGULAR

Product Fact Sheet

RECTANGULAR

Fritz Hansen's Table Series includes the Superellipse™, the Supercircular™, Circular and Rectangular tables designed by Piet Hein, Bruno Mathsson and Arne Jacobsen. The very essence of a dining table reduced to the purest, functional form, the rectangular table series has an elegant, graphic simplicity that is emphasised through the exceptional quality of its surfaces and construction. The tables are a versatile solution for both working and dining.

PRODUCT TYPE
Dining/Meeting table

ENVIRONMENT
Indoor

DESIGNER / YEAR OF DESIGN
Piet Hein/Bruno Mathsson/Arne Jacobsen, 1968

ABOUT THE DESIGNER

Piet Hein (1905-1996)
A rational idealist, Piet Hein was neither an architect nor a furniture designer, rather he was a philosopher, poet and mathematician. He created the Super-Ellipse as a new oval shape for the creation of Sergels Torg in Stockholm.
In cooperation with the Swedish designer Bruno Mathsson he later used the shape to make the Super-Elliptical table series, which Fritz Hansen put into production in 1968.

Bruno Mathsson (1907-1988)
Bruno Mathsson was an internationally renowned Swedish designer and architect. An advocate of an idiom characterized by simplicity, beauty and elegance, he used the same principles also in the furniture he designed. Mathsson's furniture was innovative in both technology and design, and his production methods involved bending of laminated wood.

Arne Jacobsen (1902-1971)
The cooperation between Arne Jacobsen and Fritz Hansen dates back to 1934. But it was not until in 1952 a breakthrough came with the Ant™. It was succeeded by the Series 7™ in 1955, where he and Fritz Hansen's names became a part of the world furniture history. Arne Jacobsen was very productive both as an architect and designer.

MATERIAL

Tabletop:
The tabletops consist of a 22 mm/0,87 in laminated chipboard and all variants are available in two finishes: laminate (FENIX®) and walnut veneer.

All the laminated tabletops come with a matt, polished aluminium edge, while the black tabletop also is available with a black ABS edge. The veneer version comes with a veneer edge.

Base:
Span legs in chromed or powder coated steel, available in two heights: 70 cm/27.6 in or 72 cm/28.3 in.

MATERIALS IN %:
Available upon request.

FEATURES
- Detachable legs
- Multiple height options
