F1570009 White

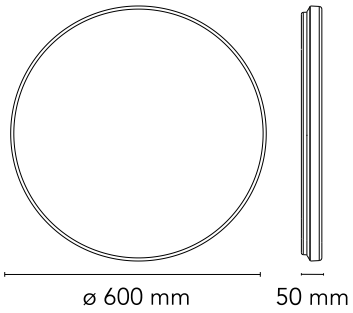

Clara

Designed by Piero Lissoni, 2015

57W - 3141lm - 2700K - CRI> 90

Ceiling or wall-mounted lamp emitting diffused light. Front diffuser made of high-efficiency injection-moulded opaline polycarbonate, with optional interchangeable decorative crowns. Ceiling/wall fitting in injection-moulded polycarbonate. Dimmable LED light source powered directly by mains voltage without the need for a transformer.

Designed by Piero Lissoni, Clara is an exercise in minimal elegance and a testament to his refined use of form and detail. At once brilliant and simple, the design was inspired by a line from one of Lissoni's favourite films, Young Frankenstein. Clara delivers pure, even illumination with a discreet architectural presence.

Are you a professional and your project needs consulting and support?

Main specifications

EAN	8059607015322
Mounting	Ceiling, Wall
Environments	Indoor dry location
Light source type	LED
Light sources included	Yes
LED type	LED Module
Power (W)	57
Lumen Output (lm)	3141

Physical

Colour	White
Length (mm)	600
Net weight (kg)	3.9
Package height (mm)	110
Package width (mm)	670
Package length (mm)	680
Package volume (m3)	0.05
IP internal	40

In our constantly evolving world and business, technical upgrades happen every day. This means all product specifications and data are subject to change without warning in order t improve reliability, function, performance or otherwise. We make every effort to ensure the accuracy of our product images, however due to different lighting and screens used for viewing, the colours may vary. Images are indicative of the quality and style of the product but may not represent the precise details of the product you receive. This is because we are constantly working to make improvements. For aesthetic reasons, cables and/or electrical elements are often not shown. Refer to technical data sheets for all technical data. Images and colours are not part of any contract or warranty in any way.
