

ABOUT A CHAIR / AAC 25 SOFT

DESIGN BY HEE WELLING & HAY

The softness and warmth of the quilted shell modifies the executive weight of the AAC 25 Soft chair, bringing a welcoming expression to the otherwise functional and technical genre of office chairs. Retaining the same curved shell with unified silhouette that characterises the entire series, this design features an elegant and functional swivel four-star castor base. The base is available in polished or powder-coated aluminium, and the shell is offered in a variety of upholstery options, providing a multitude of design combinations that give this chair great versatility in a wide range of corporate, public, and private contexts.
