- Variety of textiles and base finishes
- Other base options are: aluminium base, solid wood base and bent steel tube base
- Available as a non-quilted full upholstery in a large selection of fabrics and leathers
- Suitable for a wide variety of private and public environments
- Qualified for contract use

AAL 83 SOFT DESIGN BY HEE WELLING & HAY

The AAL 83 Soft fuses the minimalist, more angular aesthetics of the moulded plywood frame with the softness and warmth of the quilted shell. Retaining the same compact body, shaped armrests, and simple, sculpted design that characterise the rest of the lounge series, this design features a solid base with angled legs that slant slightly outwards for optimal stability. The base is available in different finishes and the quilted shell is offered in a variety of upholstery options, providing a multitude of design combinations that give this series versatility in a wide range of corporate, public, and private contexts.

AAL 83 Soft | Hallingdal 407 | Water-based lacquered oak base

EN 16139 - L2
Non-domestic seating

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise the environmental impact throughout their lifecycle. We prioritise carefully selecting materials, such as recycled content, FSC-certified wood, and water-based lacquer, while continuously increasing the number of eco-certified products. We adhere to strict regulatory requirements, and the majority of our products are tested to meet international standards for strength, durability, and safety.
