

A modern, minimalist desk setup in a studio. The desk is white with a wide, flat top and four white legs. A black leather office chair is positioned behind it. On the desk, there is a white tray and a white cylindrical container filled with pencils. To the left, a dark grey rolling cabinet is visible. In the foreground, a blue rug is partially visible. To the right, a bright yellow perforated metal trash can sits on the wooden floor. The background features a wall with horizontal blinds and a wooden door.

## COPENHAGUE DEUX

The Bouroullec brothers' Copenhagen Deux collection is a versatile range of tables and benches designed especially for compact spaces. The collection includes dining tables, coffee tables and benches in a wide variety of shapes and sizes, which all share the same light, uncluttered profile. The table top surface is made from a laminate based on nanotechnology, which provides an ultra-matt surface with a soft touch that is anti-fingerprint and easy to clean. Ideal for offices, homes and cafés and anywhere tight on space.
