## ÉLÉMENTAIRE

DESIGN BY RONAN AND ERWAN BOUROULLEC, 2018

With Élémentaire, Ronan and Erwan Bouroullec set out to create a chair that is both aesthetically and physically balanced with a sustainable profile. Élémentaire uses 100% recycled polypropylene and the latest technology to create an eco-friendly chair that is robust enough to be a long-lasting object while still appearing delicate. Precise proportions and a clear profile give Élémentaire a charm that allows it to stand out on its own or look strong in a group. Designed for everyday life, Élémentaire fulfils basic needs in a balance of beauty and strength. Locally produced in Denmark, its durability and resilience make it suitable for both indoor and outdoor use.

### HIGHLIGHTS

- Recycled material.
- UV resistant material makes the chair suitable for outdoor use.
- Available in different colours.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

### DIMENSIONS

WIDTH 42 CM

ANTHRACITE

## SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
