

DESIGN BY KASCHKASCH

HAY

MARSELIS

HIGHLIGHTS

- Part of a advanced lighting collection
- A family of refined table and floor lamps
- CE approved
- Integrated LED light source ensuring a life span of at least 25,000 hours of use
- Integrated touch dimmer switch
- Suitable for both private and office environments

MARSELIS DESIGN BY KASCHKASCH

Marselis is a family of table and floor lamps, based around a circular disc of light that can swivel and tilt in a number of directions, creating both an indirect ambient and direct task light source. The lamp is made from die cast aluminium and steel, powder coated in a number of a matt colours. The light source is an injection moulded polycarbonate lens which conceals a flat panel of light, creating a balanced and even diffusion of light.

Design studio kaschkasch was founded in 2011 by German duo Florian Kallus and Sebastian Schneider. Both designers trained as cabinet makers, followed by studies in product design. They combine these skills in their hands-on approach to their design method, using traditional craftsmanship techniques and innovative technical understanding to create straightforward yet beautiful solutions to everyday demands. The duo works in furniture, lighting design and art direction for several national and international clients and have been awarded a number of prestigious awards. For HAY, kaschkasch has designed the Marselis lamps.

MATERIALS

LAMP
Die cast aluminium lamp body and upright steel tube both with matt powder coat finish, injection moulded nylon bearings.
Please note that fixings, bearing details, soft TPE components and the cord are black for all colour options

DIFFUSER
Translucent polycarbonate (PC)

INTERNAL COUNTER WEIGHT
Sand cast iron

CORD
Soft black single layer isolation

PRODUCT INFORMATION

DESIGN YEAR
2018

COUNTRY OF ORIGIN
China

COLOUR & FINISH

Please note that the colours are indicative

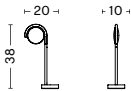

Soft black

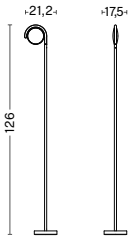

Ash grey

DIMENSIONS

MARSELIS TABLE LAMP
Width 10 cm
Depth 20 cm
Height 38 cm
Weight 1,22 kg

MARSELIS FLOOR LAMP
Width 17,5 cm
Depth 21,2 cm
Height 126 cm
Weight 2,6 kg

TECHNICAL SPECIFICATION

RECOMMENDED LIGHT SOURCE
Integrated LED, 4W

DIMMABLE
Yes

POWER SUPPLY
220-240V AC at 50/60Hz
mains power plug

IP
20

CORD LENGTH
200 cm

SWITCH
Touch step dimmer

TEST SPECIFICATION OUTPUTS

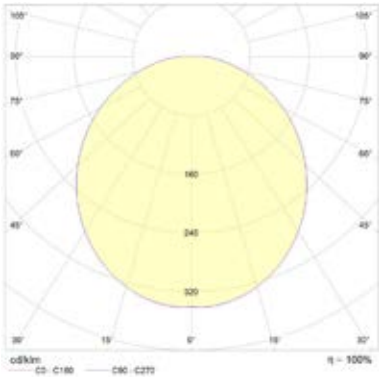

Photometrics and the test specification shown is taken using the recommended LED bulb fitted in the production luminaire

LUMEN (LM)
213lm

KELVIN (CCT)
2700K warm white

CRI (1-100)
85
