

SLIT TABLE

PRODUCT FACT SHEET

SLIT TABLE

DESIGN BY HAY, 2014

HAY's Slit Table is a geometric steel side table inspired by paper origami techniques. The slim frame appears folded beneath the tabletop, creating a simple yet sculptural form that is reminiscent of traditional Japanese paper art. The Slit Table is available in a selection of different shapes and sizes, and is offered in a variety of contemporary colours and finishes. Compact and versatile, it can be used on its own or arranged in clusters in diverse private or public settings.

HIGHLIGHTS

- A family of tables featuring round and oblong shapes in different powder coated colours, brass and polished stainless steel.
- Available in different sizes and heights.
- Suitable for a wide variety of private and office environments.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
