SLIT TABLE WOOD DESIGN BY HAY

HAY's Slit Table is a geometric wooden table inspired by paper origami techniques. The slim frame appears folded beneath the tabletop, creating a simple yet sculptural form that is reminiscent of traditional Japanese paper art. The Slit Table is available in different shapes and sizes, and is offered in various wood types and finishes. Compact and versatile, it can be used on its own or arranged in clusters in diverse private or public settings.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise the environmental impact throughout their lifecycle. We prioritise carefully selecting materials, such as recycled content, FSC™-certified wood, and water-based lacquer, while continuously increasing the number of eco-certified products. We adhere to strict regulatory requirements, and the majority of our products are tested to meet international standards for strength, durability, and safety.
