

Montana Selection

12 mm MDF / Design: Peter J. Lassen

Pre-designed Furniture

Montana Selection is a series of pre-designed furniture for the home – from cabinets and bookshelves to bedside tables. These are functional and creative pieces of furniture with fixed, defined depths. The only decision you need to make is to choose a colour from all of Montana's lacquer colours and select from the different platform types – wall-mounted, plinth, legs, and castors.

Technical Information

Plinths can be chosen in heights of 3 or 7 cm. Castors for Selection are CR70 castors in black. Legs for Selection are available in selected colours. Handles are lacquered and match the front colour. If you want a customisation of Selection – colour, depth, components, etc., it will be built up from the system.

The Montana Selection series can be ordered with Quick Ship delivery: Dispatch within 6-8 business days in selected Quick Ship colours.

Quick Ship colours are shown on page 87 >.

Montana Selection pre-designed

Additional Height for Modules with: Legs +12.6 cm. Castors +6.8 cm. Plinth +3 cm. Plinth +7 cm.

DRESSERS (*12 x *12)
